

PRE-EMPLOYMENT MEDICAL ASSESSMENT

There is a mandatory requirement for all Adventure Guides to have the ability to meet the physical demands and level of fitness required to carry out the inherent duties of the role in a safe and compliant manner.

The role of Adventure Tour Guide includes, but is not limited to, the following physical tasks/activities:

- Ability to get in and out of a boat both on land and in the water
- Maintain stability and coordination on a moving boat through rapids
- Cardiovascular fitness to maintain endurance of prolonged physical activity
- Periodic bursts of energy for prolong periods of time
- Clear sense of vision of surroundings
- Clear sense of hearing
- Ability to swim and tread water for extended periods of time
- Ability to work outdoors in water, heat and rain

Raging Thunder take their approach to safety very seriously in order to mitigate the risk of incident and/or injury to employees. In order to qualify for attendance at the Boot Camp, subsequent Training Course and potential employment with Raging Thunder, it is a mandatory requirement for all shortlisted applicants participating at the Boot Camp to present with a medical certificate from a certified medical practitioner with full clearance to be able to perform the above mentioned duties safely.

The costs associated with this assessment will vary dependent on the provider and will be the responsibility of the participant. Failure to present on Day 1 of the Boot Camp without the appropriate medical clearances, will deem the applicant ineligible to participate in the Boot Camp and following recruitment process.
